

Absolut Wild Tea

Introduced in 2010, Absolut Wild Tea has already become a favorite in many bars and homes. The black tea from China meets a Scandinavian summer day in this premium vodka unlike nothing else. Across the world, there is an explosive consumer interest in tea, but prior to the release of Absolut Wild Tea, the flavor had been overlooked in bars. Combined with Scandinavian elderflower it brings real excitement to any drink.

Absolut Wild Tea brings together the dark notes and mysterious richness of black tea, and the delicate character of Scandinavian white elderflower. It has a rich, fresh aroma with hints of red apples, black tea, elderflower and citrus. The taste is smooth, floral, naturally sweet and with a pleasant dryness.
